2:00 PM	Tournament Walleye Tactics	Joe Mans

Congratulations to Mike Mladenik

Congratulations for being inducted into the 2021 class of the Freshwater Hall-of-Fame.

Mike Mladenik is likely the Midwest's most knowledgeable smallmouth bass fisherman and the region's top guide. Over the past 30 years his clients have landed over 3,000 – 20+ inch smallmouth and a few hundred hawgs over six pounds.

The Menominee River offers a *World Class* Smallmouth Bass fishery that just keeps getting better! Although best known for smallmouth bass, Mike also guides for musky, largemouth bass, northern pike and walleye. His expertise spans the bounty of rivers, reservoirs and lakes that draw anglers to the area year-round. He derives great satisfaction in teaching technique and location/weather analysis to clients. Mike's not one to hoard a secret; in fact, few guides spend as much time teaching and coaching as Mike does. In addition, Mike is a contributing author to many national and regional publications, including *Midwest Outdoors* for which the readership voted Mike one of their top three favorite writers. Mike's instructional and insightful pieces can also be found in *Fishing Facts*, *Musky Hunter*, *Wisconsin Sportsman*, *Wisconsin Outdoor Journal*, *Michigan Sportsman*, *Wisconsin Outdoor News* and others. Mike has also authored several books, publishes his own magazine and has produced his own television show.

Don't miss Mike's FishingBoatingOutdoor Show Seminars:

Saturday, Feb. 20 @ 11:30 AM – River Smallmouth

Sunday, Feb 21 @ 12:30 PM – No Respect: River Pike
